## DEAR CITIZENS OF THE WORLD,

our global civil society is taking actions to ameliorate climate change - you can help by joining our efforts! Last year, on October 24, 350.org organized the International Day of Climate Action and facilitated over 5200 actions in 181 countries!

All around the world, people are getting to work.

Maldives --> installing solar panels on the President’s office  
Uganda --> planting thousands of trees  
Bolivia --> installing solar stoves for a massive carbon neutral picnic.

You can also join the party! In China, we are creating:

- ◆ 300 community actions
- ◆ 30 provincial collaborations
- ◆ 7 focus projects
- ◆ 3 week-long city events (Hong Kong, Beijing, Tianjin)
- ◆ in 30 provinces & regions nationwide.

**Get involved and be part of the LARGEST DAY OF CLIMATE ACTION in our planet’s history!**

### This is your invitation

Get creative and organize your own event with friends, family, school and local organizations!

#### ★ Go Solar:

Whether it’s installing a solar panel on a local school, or putting a solar hot water heater on your house--it is a great way to work with the planet.

#### ★ Go For a Ride:

Biking is a great way to get out and be visible in your community. It also demonstrates the need for improved infrastructure for our alternative modes of transportation.

#### ★ Get Efficient:

Whether it’s installing more efficient LED or CFL lightbulbs, insulating your basement, weatherizing your church/temple, or doing an energy audit on your school, efficiency can help get us on the path to 350.
