Universities & Institutes Save Food Day (Every Wednesday)

全港大專有衣食日(逢星期三)

Dear Students and Colleagues,

The University of Hong Kong and other tertiary institutes have collaborated with the Greeners Action (綠領行動) to present the SAVE FOOD DAY (有衣食日). The aim of this campaign is to raise public awareness on reducing food waste and hence solid waste and let the public realizes

its harm towards the natural environment. Data from the Environmental Protection Department (EPD) revealed that currently over one-third of the solid waste dumping to the local landfills was food residue. In the year 2008 alone, there was over 1.1 million tons of food waste being dumped, while this amount of food can sustain 16 million starving population in other part of the world for one whole year. A research by the Greeners Action also reflected that about 87% of people eating out could not finish their meal and nearly 70% of these people saying that the reason of leaving food behind was that the quantity was too much. Therefore, reducing food waste not only helps saving our environment but also save a penny from your pocket!
