Dear students,

Inspired by the Rhodes Fellowship, Schwarzman Scholars is a highly selective international scholarship program designed to help prepare a new generation of global leaders by giving them first-hand experience of the key role that China is playing in today's world.

The program will provide students from around the world the opportunity to develop their leadership skills through a fully-funded one-year Master's Degree at Tsinghua University in Beijing. Students live in Beijing for a year of study and cultural immersion, attending lectures, travelling and developing a better understanding of

China. All customized for Schwarzman Scholars by top academic leaders, senior administrator and industry leaders of our time.

We invite you to join Prof. GAO Xudong, Professor of Schwarzman Scholars for an information session. Please refer to the following schedule.
