

THE FIRST HOTEL IN KOWLOON BAY

Camlux Hotel is the first hotel in Kowloon Bay, sensitively re-purposed from an industrial building, situated in the center of Kowloon East - Hong Kong's second CBD. Every effort has been made to maintain our hotel's glorious industrial heritage. Old products from the factory have been up-cycled and integrated into the rooms. Our hotel is next to Kai Tak Cruise Terminal, Kowloon Bay International Trade & Exhibition Centre (KITEC), Kai Tak Station and Kowloon Bay Station. All our exquisite features bring convenience and comfort to our guests.
