SOUTH NEST

YOU NEST WE TAKE CARE OF THE REST

Introduction

Located at the edge of Aberdeen Harbour in Tin Wan, **South Nest** is a co-living and hotel designed around human needs that we all have in common: a need for privacy, a need to be surrounded by nature, a need to sleep well and be a part of something bigger.

We play a role of a locally-inspired community hub for a reviving neighbourhood, a place where purpose-driven travelers and passion-driven globally-minded locals can find both relaxation and fulfilment empowering them to discover the future of possibilities.

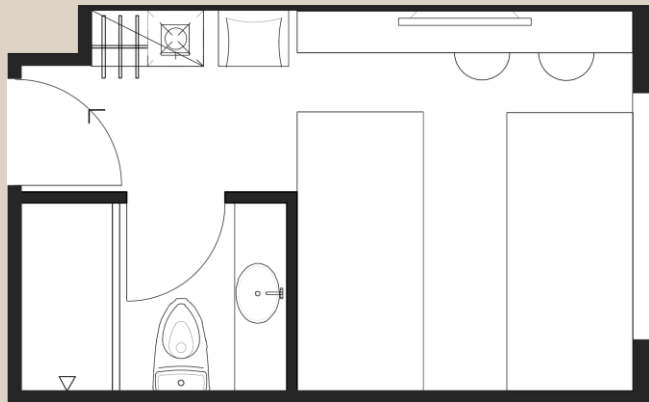

The 31-storey building is equipped with 488 stylishly decorated guest rooms, approximately 14 square meters of room area.
